No. 118

BORDEN ON ASIATIC

Conservative Leader States Position His Party Will Take on This Question at Next Election

Vancouver, Sept. 25.—One of the crowded crowds ever seen in this city assembled last night to hear Mr. R. B. Borden, the leader of the Conservatives, on the public questions of the day. Long before the appointed hour the hall was packed, and to satisfy the crowd an overflow meeting was held.

Mr. Borden was in good form, and his audience listened with great attention.

In this his first speech in his campaign from the Pacific back to Ontario, he added a seventeenth plank to his platform, setting out what will be the position of his party on the Asiatic immigration question in the next election.

In a review of the other parts of his platform, Mr. Borden added little to the Ontario speeches, save asking where British Columbia's representatives had been when the misrepresentation was made on the Asiatic question of the G. T. P. would be at the same time as in the East. That was still untrue, for work on the main line had not yet begun in British Columbia, except a little work on the Klamath branch only. That the company got the best of the bargain, it was every day more evident. If the company had represented Canada and the government represented the railway people, it would have been the other way. As the country is peopled with settlers, it would have been infinitely better had the people paid the other side, and owned the railway. Commenting on the East and the Saskatchewan and Alberta land deals, Mr. Borden said that the biggest of the day were becoming the millionaires of today.

With Mr. Bergeron, Mr. Borden convulsed the house on the Laurier party of election promises and reckless extravagance on the steamer Arctic cruiser, and also as to the Klamath revelations. The campaign in the West, begun here last night, would also disclose many true Liberal misdeeds themselves ashamed of the acts of the party. Speaking of Laurier, he said that Mr. Whitney was elected, Laurier's right arm was unimpeded.

Mr. Borden's remarks on the Asiatic question were concise and clear. He put them in the last sentence of his peroration. "While recognizing our duty to the British empire, whose flag will always float above us, we respectfully maintain," he said, "that Canada in such vital essentials must be accorded freedom of judgment as perfect and unfettered as that already secured by portions of that empire and by Great Britain herself."

"Recent violence against the subjects of Japan in this city is a matter to be regretted by every true British subject, and for the respect that must be paid to a great nation like Japan. Let us remember

the importance of our trade relations with China and Japan. But let us also remember that there are greater and higher considerations than those of trade and material progress."

Mr. Borden agreed that little if any effort had been made by Ottawa to aid British Columbia, quoting from a telegram sent in 1896 by Premier Laurier: "Chinese immigration not a question in the East. Views of Western Liberals will prevail with me. But, declared Mr. Borden, the views of the majority of people of British Columbia should prevail and not those of the Liberals. He spoke of Hon. Mr. Fisher's mission to Japan in 1902, after being defied in a monition Tokyo, and coming back with the message that the Japanese were a home-loving people, that only merchants, students, tourists and not laborers, would be permitted to enter the country.

Mr. Fisher had answered Mr. Clancy in the House to this effect. Why do we not hear now of that defunct mission? Mr. Borden asked Mr. Fisher: "We must consider either that the British government has deceived parliament on this occasion," or that there are just grounds now for the abrogation of the treaty."

Mr. Borden concluded this speech with reference to W. T. Preston's visit to Japan from Cape Town, and asked: "Would it be difficult for us to assume that some North Atlantic Trading company is not deriving handsome profits from the shipment of Japanese, or was Mr. Preston's visit at about the time the influx started merely a coincidence?"

He concluded his speech by saying: "The Conservative party which brought British Columbia into the Confederation, will make it its aim that this province remain British, and that no alien race be introduced by men in whose veins flows the blood of the great pioneering race which built up and developed not only Eastern but Western Canada."

The whole audience rose and shouted and cheered, creating a scene which was unique in the history of the political history of British Columbia. The second feature of the address was a review of the events of the Conservative success at the next election, of the appointment of a commission to inquire into the question of the terms for British Columbia, granting such relief in the matter of land as the government might favor.

Premier McBride repeated his adherence to the policy of exclusion, again saying the "Templeman-Scott" story that he had told the secretary of state he had advised Lieutenant-Governor Dunscombe to withhold his assent to the provincial National Act of last session.

What The Railroads Are Doing

Winnipeg, Sept. 25.—General Manager McLeod, of the C. N. R., stated that the round house in Prince Albert was completed and would be opened for the reception of engines during the present week. Good progress is also being made on the new houses in Dauphin and Saskatoon, and both will be used in connection with the work of the company this fall.

Winnipeg, Sept. 25.—Grain receipts at points on the C. P. R. line Monday amounted to 79,000 bushels of wheat. The total receipts to date since Sept. 1 amounted to 692,000 bushels of wheat and 75,000 bushels of other grains.

Ottawa, Sept. 24.—Collingwood Shredder, Dominion Consulting Engineer, is advised that the Grand Trunk Pacific will operate trains between Winnipeg and Saskatoon this winter.

Winnipeg, Sept. 25.—Speaking of the affairs of the Canadian Northern generally, Mr. Mackenzie, president, said today that a great deal of betterment work had been done this year on the lines under operation and these were now getting into good shape for the fall and winter traffic. Work on the lines under construction would be pushed forward vigorously until winter compelled suspension of operations. The only new work that would be undertaken this year would be from Saskatoon southwestward to the well settled district now without railway facilities. The construction of a line to Hudson's Bay will be steadily prosecuted, and it is quite within range of probabilities that one of the first trains departing from the new union depot will carry a party of Winnipeg business men to inspect the route to northern lake water.

Winnipeg Fake Doctor Fined

Winnipeg, Sept. 25.—Magistrate McKelvey this afternoon fined "Dr." W. Axtell \$25 and costs for practicing medicine, not being qualified under the medical act. It was impossible in connection with the "doctor's" treatment of Miss Gordon.

Gasoline Explosion Wrecked Yacht

Gallipoli, Ohio, Sept. 25.—While on the Ohio river last night, with a party of men and women, a gasoline tank on a yacht exploded. All those on board were thrown into the water and four were drowned. The explosion was caused by lanterns falling from the roof of the yacht to the engine, igniting the gasoline.

Canada Gets The Best

Detroit, Mich., Sept. 25.—James B. McKay real estate dealer, has returned from a two months' visit to Scotland and Ireland. Among his many observations, Mr. McKay points out that the United States is no longer getting the best of immigrants from the British Isles, but that the best young men immigrate to the land are flocking to the Canadian West.

LITTLE HOPE FOR GROVER CLEVELAND.

Princeton, N. J., Sept. 25.—The Grover Cleveland campaign is rapidly closing around Grover Cleveland. These are anxious days at Westland, the home of the Cleveland hero. Mr. Cleveland and his friends are plainly apprehensive over the condition of their distinguished patient.

It is not shown by the murmuring of Mrs. Cleveland's mother, Mrs. Persim Folsom, who arrived today from New York, that the situation is doing as well as can be expected. Dr. Banks declines to discuss other than to say that Mr. Cleveland is doing as well as can be expected.

Doctors Carahan and Bryant, who have attended the former president since his illness, are still visiting in the camp. All of the doctors, however, agree that Mr. Cleveland's condition is such that while he may show temporary improvement, he can never again assume active labor.

Grain Standards Board Will Meet Soon

Winnipeg, Sept. 25.—The chief inspector has notified the chairman of the Western Standards Board that under the provisions of the inspection act it will be necessary for the board to meet and select commercial grades. The chairman has notified all members of the board of this fact and that as soon as the chief inspector can secure representative samples of this season's crop of grain, a date will be decided upon at which the members will be notified by wire. The following gentlemen are named in the order-in-council as forming the grain standards board for the Manitoba division for the purpose of establishing such commercial grades and of choosing samples of grain to be used for testing: Chairman, D. R. Crowe, Winnipeg; Peter Ferguson, Kenilworth, Assa; John McQuinn, Carleton Place, Ont.; John Johnston, Joliet, Ill.; W. W. McQuinn, Portage la Prairie, Man.; H. H. McQuinn, Regina, Sask.; J. W. Soudan, Verdun, Man.; W. F. Strutt, Neepawa, Man.; Wm. Lothian, Pierston, N. Campbell, Brandon, Man.; H. P. Young, Killarney, Ont.; McCulloch, Souris, Man.; T. W. Lines, Strathcona; W. A. Black and A. It. Hargrave, of Winnipeg; Thos. Cross, Montreal, Man.; McLaughlin, Toronto; W. H. Fairfield, Lethbridge; and Chas. H. Walsh, Toronto. Executive members: David Horn, Winnipeg; F. E. Gibbs, Fort William, and D. C. Caste, Winnipeg.

Prince Alberta Bye-Election

Regina, Sept. 25.—Write have been issued for the Prince Albert bye-election caused by the resignation of Hon. J. LaMont. Nominations will take place on October 2. Polling will take place on October 12.

Blacksmiths Want a Raise Now

Winnipeg, Sept. 25.—Having completed their negotiations with the boiler makers and the machinists, the blacksmiths of the Canadian Pacific will today be dealing with the blacksmiths, who are asking for a new schedule corresponding to those which have been granted to the other departments. It is conceded that the men will be granted the same daily rate with a slight increase in the daily rate of pay. The negotiations will probably occupy over three or three days.

Boycotting Bell Telephone Company

Butte, Mont., Sept. 25.—The Rocky Mountain Bell telephone and detail yesterday in its efforts to prosecute two striking employees, A. E. Edwards and E. Clayton, for grand larceny in the removal of Bell instruments from various houses. Judge John Doran declared that the state had failed to present convincing testimony and he discharged the men. Edwards and Clayton are ardent unionists and to make the boycott of the Bell Company more effective began a land business in the removal of Bell phones from the principal streets of Butte with a cart, loaded with the instruments, which bore a large placard labeled "R. M. H. phone, going home." The Bell people held that the householders had no right to remove the phones without a month's notice being given, and that the act of the striking linemen constituted grand larceny.

Doukhobors Under Arrest Again

Whittemouth, Man., Sept. 25.—Two bands of Doukhobors are here under arrest and confined in a box car. The Doukhobors are being detained and put on trial for trespassing. An order came from the attorney-general's department to "stay" the Doukhobors and they are awaiting shipment to Winnipeg. Five stalwarts in plain clothes are watching and guarding them at Whittemouth and the stalwarts will be glad when their shipping orders arrive.

Russia Strengthening Eastern Defences

St. Petersburg, Sept. 25.—It is said the new Russian army is to begin an important work in the far east, among them the strengthening of the defense of Vladivostok. The construction of a harbor at Nikolaevsk, which is a naval station on the Amur, twenty-five miles from its mouth, is also contemplated. Last barracks are to be built at Khabarovsk, which is in Siberia, on the north-eastern frontier of Manchuria. The total cost of these works is estimated at about \$18,500,000.

\$75,000 FIRE IN VANCOUVER

(Special to The Chronicle)
Vancouver, Sept. 20.—A fire in this city last evening did damage to the extent of \$75,000, burning the buildings of the British Columbia Dredging and Upholstering Co., the Rose Hill

New Fire Station For Edmonton

A new auxiliary fire station has just been completed on Kensington Avenue, Edmonton, and will be opened next week. A captain and six men with chemical engine, hose wagon, etc., will be stationed there.

Judgment in Orczy Case Reserved

Judgment was to have been delivered this morning in the case of John Orczy, charged with resisting arrest, but the magistrates disagreed and a further adjournment was made until 10 o'clock to-morrow morning. In the meantime the attorney-general's advice will be sought. A new bail bond for the defendant had to be executed.

The case against three citizens for refusing to leave the police office when called on, which charges are connected with that against Orczy, were adjourned until to-morrow evening.

Tammany Awaits Hearst's Consent

Washington, D. C., Sept. 25.—If Wm. R. Hearst will give his consent to the candidacy of Lieutenant-Governor Sturtevant Chanler and pledge his support to the ticket, the New York chapter of the Democratic national convention will be solid for Chanler as first choice. There he fails to secure the necessary two-thirds of the vote in the convention, Tammany and its cohorts led by Big Tim Sullivan, now boss of the organization, will swing in line for Gov. John A. Johnson, of Minnesota. This is the story told by the Democrats who are anxious to hear of the speech and who have for many years been able to come pretty near gauging the situation in New York city and throughout the state. There is a general impression prevalent that Bryan will come out within the next month and lay aside the crown, which a year ago nobody would have thought belonged to any save the eloquent Nebraska. His close friends assert that Bryan will not risk it next year in the face of the present trend of protest opposition. Both Lieutenant-Governor Chanler and Gov. Johnson, of Minnesota, stand in a position to secure a united Democratic vote. Chanler a year ago stumped New York state side by side with Hearst and the latter, it is said, will come to his support at the proper time. Hearst, it is said, has also declared his strong admiration for Gov. Johnson.

Quebec Bridge Inquiry Progressing

Quebec, Sept. 25.—The federal commission appointed to investigate the cause of the Quebec disaster completed its latest visit to this city yesterday and left for Ottawa last night. On Thursday morning they will hear statements of Schreiber, Douglas and Johnson in that city and will then go to New York to hear Cooper.

Russia Strengthening Eastern Defences

St. Petersburg, Sept. 25.—It is said the new Russian army is to begin an important work in the far east, among them the strengthening of the defense of Vladivostok. The construction of a harbor at Nikolaevsk, which is a naval station on the Amur, twenty-five miles from its mouth, is also contemplated. Last barracks are to be built at Khabarovsk, which is in Siberia, on the north-eastern frontier of Manchuria. The total cost of these works is estimated at about \$18,500,000.

Borden in Victoria

(Special to The Chronicle)
Victoria, B. C., Sept. 26.—R. L. Borden arrived here yesterday and visited the fair. The Conservative leader will speak at New Westminster today, and will then leave for Alberta.

Voliva Threatens to Resign

(Special to The Chronicle)
Chicago, Sept. 26.—Voliva, the successor to Alexander Dowle, addressed one thousand followers at Zion City yesterday, threatening to give up the leadership.

Rescued From Living Tomb

Duluth, Minn., Sept. 26.—Word received from Chisholm, on the range, says that Mellogg, 40 years old and unmarried, has been rescued from a mine chamber 265 feet below the surface of the earth, and upon which there had been a sudden depression of 115 feet. When he was dragged out of the mine by other miners Mellogg fainted from excitement and exhaustion. He was hurriedly taken to a hospital where it is said he will live. The man had been imprisoned over two and a half days.

Regina Carpenters Strike

Regina, Sept. 26.—Fifty carpenters, employees of the five largest contractors in Regina, struck yesterday on account of the refusal of the latter to recognize the union. Contractors have at present no work for the matter, and the result is a complete deadlock.

BELLEVUE AND BRANTFORD INSTITUTES WERE PROPERLY MANAGED.

Toronto, Sept. 25.—Premier Whitney handed out to-day statements as to reports and recommendations of A. J. J. Russell Snow, as the result of the investigations into the management of the institute for the deaf and dumb at Bellevue and the institute for the blind at Brantford. In the former case the investigation was ordered as a result of charges made to the resignation as principal of H. Mathison, now supreme secretary of the I. O. F. The commissioners report reflects great credit upon Mr. Mathison's conduct of the institution and as for the charges, which were of a trivial nature, they are dismissed in words that only add to Mathison's good record.

In regard to the institute for the blind, of which H. F. Gardiner is principal, some charges against him are unfounded, others are not of importance and are treated as they deserve. Changes in the staff are recommended on account of age. One member is mentioned as having actively assisted in elections. It is understood that the recommendations made in respect to both institutions with a view to bettering their accommodation and efficiency will be carried out. The government regards the I. O. F. as a valuable institution, and both are valued, whose conduct was questioned.

Work Progressing

The work on our new store is progressing nicely. It has every appearance of being ready in about two weeks.

We will continue to slaughter goods for the next two weeks

and the people of Strathcona and surrounding country who have not already picked up some of the snaps we are giving, should get in while it is yet time.

"All are Welcome."

The prince strode rapidly forward and grasped her by the wrist, his brow dark with a forbidding frown. He spoke in a hoarse whisper.

"Listen, my good girl! Do you want to get more money from me than you will get from the prince in ten years' service? Harken, then, to what I tell you. If there are any letters from—from—men, will you bring them to me?"

Miss Baxter was thoroughly frightened, but she said to the prince sharply: "If you do not let me of my wrist, I'll scream. How dare you lay your hand on me!"

The prince released her wrist and stepped back. "Forgive me," he said. "I'm a very miserable man. Forget what I have said."

"How can I forget it?" cried the girl, gathering courage as she saw him quail before her blazing eyes. "What do you want me to do?"

"I want you to bring to me any letters written by—"

"Written by Von Schumberg?" cried the girl, noticing his hesitation and filling in the blank.

A red wave of anger surged up in the prince's face.

"Yes!" he cried. "Bring me a letter to her from Von Schumberg, and I'll pay you what you ask."

"It is contrary to my duty to the prince," she began hesitatingly when he stopped and turned fiercely upon her.

"What is contrary to your duty?"

"There are letters, tied very daintily with a blue ribbon, and they are from a man. The prince does not allow me to read them, but locked them away in a

"If there are any letters from—from—men, will you bring them to me?"

secret drawer in her dressing room, but she is so careless with her keys and about everything else that I am sure I can get them for you, if you want them."

"Yes, yes, I want them," said the prince, "and will pay you handsomely for them."

ATHLETIC ERECTNESS

"ONE OF THE 14"

A TOO LOW HEELED SHOE

THE DOLLY VARDEN DEAD-LEVEL BALL AND HEEL BALANCE

A TOO HIGH HEELED SHOE

If you build a house with the foundation higher in the back than in the front, the house will lean forward. If the base is lower in the back, the house will lean backward.

Shoes are the foundation of a woman's poise. If the heels are too high, she'll stoop forward. If too low, she'll incline to the back. In either case the poise is unpleasing.

Of course to build a shoe which will give the body an erect poise is the thing, but a mighty hard thing to do, because the natural ball of the foot is lower than the natural heel. That's why the market is crowded with too high or too low heel shoes.

But after years of scientific experiment with thousands of feminine feet we have solved this difficulty.

We have balanced the heel and ball of the Dolly Varden Shoe to such delicate nicety that it actually gives the poise a foundation as level as a chemist's scales, and unless the wearer is already stooped by wearing the too high or too low heel foundation, or by the weight of many winters, she can with Dolly Varden assistance and a little effort, acquire enviable athletic erectness.

Our agent in your city will take pleasure in showing you the Dolly Varden Shoe. Purchasers or investigators equally welcome. \$5.00 and \$4.00 in Canada and the States. Every pair Goodyear welted. (To be continued.)

Around the City.

*A carload of pears, Hyslop crab-
apples, green tomatoes, ripe toma-
atoes, pickling onions and cucumbers
will arrive Monday next, the 30th
inst., at Hamilton's.

Inspector Canine, of Macleod, who
has been with the R.N.W.M.P. party
cutting the new Dawson trail, came
out with Commissioner Perry and
has gone to Macleod on leave of ab-
sence.

J. R. Lavell, ex-M. P. of Strath-
cona, will give an address at the
Conservative Club in Edmonton on
Friday evening, his subject being the
political issues of the day. J. D.
Hyndman, president of the Provincial
Association, will also speak.

The annual Field Day of the City
Schools will take place tomorrow
afternoon at one o'clock at the Ex-
hibition grounds. There will be no
admission free.

The lumber combine prosecution,
which was to have been resumed at
the Mounted Police barracks in Ed-
monton tomorrow morning, will be
again postponed for two weeks. This
has been arranged to meet the con-
venience of Mr. R. B. Bennett, coun-
sel for the defence, who is in the
east.

The first dance given by the non-
commissioned officers of "B" Squad-
ron C.M.R. held in Tipton's auction
rooms last evening, was a great suc-
cess. Seventy couples were present.
The arrangements, which were in the
hands of a committee consisting of
Sergeant-Major Tighe and Sergeants
Tipton and Wapshott, were admir-
ably carried out. The music was
supplied by Messrs. Westley and
McLennan.

CHRONKES

The Chronk man is not an expert
in road building and would like to
ask if when the scraper carries the
rough clay to the centre of the road,
forming a comb, would it not be a
good idea to follow with the roller
and crumble it down before it gets
wet and becomes converted into large
chunks of mud?

There was a deadlock in the magis-
trate's court this morning, when
Robert Ritchie and J. W. Tipton,
justices of the peace, failed to agree
on whether or not a policeman has
right to arrest a man for assault
without a warrant. The prisoner as
a result had to tied back to appear
again tomorrow or go back to the
luxurious lock-up provided by the
city.

If a police magistrate were appoint-
ed such a contingency could scarcely
arise. He could hardly disagree with
himself.

It is fortunate for the party of
school that went out coyote shoot-
ing by moonlight the other night,
that the residents had shot up their
live stock and were safely in their
houses. The slaughter is said to have
been awful.

The Edmonton early closing by-law
is still said to be illegal. The most
efficient early closing arrangement
will be by the mutual consent of the
will be by the mutual consent of the
stores close at six o'clock, leaving
the others to their own sweet will.
Many merchants in the suburban
sections do nearly all their business
in the evenings.

We cannot understand why Frank
Walker, M. L. A., has not been sent
for to go to Montana to show those
Mexican cowboys how to round up
the obnoxious buffalo herd.

reward

W. J. FLAHER,
Main Street.

**Mr. Borden's Ontario
Tour**

(Toronto News.)

By his Ontario tour Mr. Borden at
least has shown that he regards
politics as worthy of the serious at-
tention of the electors. Government
is to him a matter of public con-
cern. Politically he is in the first
place a student of government, and
he pays his audiences the tribute of
believing that they wish to under-
stand the science of politics. His
tour has been educative. He has
with the policy of education and
development, and has illustrated
his arguments by facts drawn from
the history of the present adminis-
tration and his own party. He has met
the electors and fully explained his
own position. As a consequence the
discussion of politics in Ontario to-
day centres around Mr. Borden's On-
tario meetings. He has forced his
opponents and he has persuaded his
own followers to do some serious
political thinking. Finally, it has
been political thinking on the higher
questions of administration. It may
perhaps be an advantage to the
country that Mr. Borden does not
believe in dazzling his audiences with
eloquence, nor in captivating them
with a display of his own personal
attractiveness. Both these methods
of appealing to audiences are of val-
ue in their own place. But Mr. Bor-
den speaks to the intelligence of the
electorate. As a politician who be-
lieves in solid argument, he is stimu-
lating a demand for sound politi-
cal education which is of infinitely
greater worth than the oratory of
the spell-binder.
